Beauty with  
medical expertise

Natural  
high-tech for  
every stage  
of life

The renowned dermatologist Dr. Yolande Bullens-Goessens has developed an innovative and exclusive medical beauty line built on her many years of experience: La Forêt by Dr. Bullens is a luxurious system care concept based on proven high-tech cosmetic constituents and premium-quality, highly dosed active ingredients sourced from nature.

**LA FORÊT BY DR. BULLENS**  
**ANTI-AGEING**

Beauty and nurture for the more mature skin. Thalasso algae and thermal water nourish the skin with bountiful moisture. Hyaluronic acid, Argireline and lecithin have a plumping effect, making the skin smoother, and eliminating wrinkles and fine lines. Her unique active ingredient formulas reduce age spots and stimulate the production of collagen for a radiant complexion and smoother, younger looking skin.

**LA FORÊT BY DR. BULLENS**  
**ANTI-ACNE**

The ideal range for young, problem-prone skin. Grape seed extracts combined with aloe vera and medicinal clay reduce skin inflammation and rebalance sebaceous gland activity. Acne, blemishes and irritations are visibly improved. The skin is harmonised and soothed.

**LA FORÊT BY DR. BULLENS**  
**MEN**

Makes (his) skin feel brand new: aloe vera nourishes and moisturises hard-working masculine skin. Grape seed extracts, natural active ingredients from the sea, and antibacterial ingredients combat minor skin problems and soothe razor burn. Panthenol and menthol supply an extra energy boost.

**LA FORÊT BY DR. BULLENS**  
**BODY THALASSO**

Beauty, nourishment and wellbeing from the power of the sea. The Body Thalasso series contains highly effective Thalassic seaweed as well as thermal water – supremely moisturising active ingredients that visibly tone the body's silhouette.

## JETPEEL – THE NATURAL HIGH-TECH BOOST FOR YOUR SKIN

Skin improvement & rejuvenation

A rejuvenated, clear complexion with fewer wrinkles and instant rosy radiance! The JetPeel uses air and water to feed vitamins – or hyaluronic acid if required – deep into the skin. It exfoliates, draws out lymph, and stimulates the metabolism and blood flow. This is a particularly effective method for acne, age spots, couperosis, blemishes, wrinkles, enlarged pores, rosacea, liver spots, dark circles under the eyes and spider veins. JetPeel is also applied in combination with a range of active compounds to rejuvenate and tighten skin, reduce scarring, and as an anti-ageing treatment for the face and hands.

### EVERY TREATMENT INCLUDES

...a JetPeel deep cleanse and may also include a JetPeel lymphatic drainage if required and depending on the chosen package. Healthy skin metabolism requires an acidic pH value for the rejuvenation enzymes to have maximum effect. With the help of glycol and AHA fruit acids, the JetPeel lowers the alkaline pH value of skin that has aged prematurely, exhibits hyperpigmentation or is subject to skin barrier complaints such as acne, working down to the deepest layers to achieve ideal acidity levels. The skin is thus excellently prepared to absorb highly active, rejuvenating active ingredients. Individual active serums stimulate collagen and elastin production, supply the cells with energy, improve skin pigmentation and complexion, and smooth away fine lines.

**RECOMMENDATION:** Series of five treatments during the course of a week.

**SPA SPECIAL:** Five treatments at a special price on request!

**60 min €119** excluding lymphatic drainage & eyebrow shaping

**90 min €149** including lymphatic drainage & eyebrow shaping

**TIP:** complete your treatment with professionally applied make-up!

The future of your skin starts now!
